\*1 Gateway Digital Net will meet once each month, except when needed for special occasions, the Wednesday following the Tuesday club (K4GAR) meeting. Anyone can activate the net at any time for practice or if needed.

\*2 Gateway Simplex Net will meet as needed for training and study on effectiveness of simplex operation for communication on a local basis. Results will be published when complete.

\*3 Information contained is last reported and not verified as accurate and still functional.

\*4 Operational only when a hurricane is within 300 miles of landfall. NOT A CHECK IN FOR THE NUMBERS SOCIAL NET

\*5 10M gathering place for local Health & Welfare information exchange.

\*6 D-Star net follows SSB Net. During the Net, we also use APRS (WX4AL-1) and D-Rats on the drats.auburn.edu reflector. After the HF Net, we continue the net on Alabama DStar Ref058B.
